Entertained at The Opera House

◆ BY MUSICMAN AND CREAKY

The 75th Reflection of the club was held at The Opera House – a wonderful site carefully managed by **Musicman** and **Creaky**. **Barry Bigarse** was among the glitterati of Full Moon hashers who attended this event which, besides being **Run 75**, was also the club's AGM. **GM Dolly** was the first to walk the red carpet into TOH. Then followed a multitude of well-know NHFM Hash identities – all anxious to get on with the run so that the highlight of the night could commence - that being the World Premiere of **GM Dolly's** final work and rapid descent into obscurity.

The run was attempted by a few adventurous souls with one of them leading the way to the first spin of their Wonder Pointer. A larger, more gregarious group of walkers led by Wonder Pointer wielder **Fergie** exited TOH in search of Mayfield merriment.

Dolly gleefully welcomes the assembled throng

As often happens at hash, the Runners' Wonder Pointer worked wondrously wickedly, wrecking a wonger won to a very short one!

This however, was not the case for the walkers! Their Wonder Pointer took them far and wide – miraculously leading them to almost every For Sale sign house in the more salubrious sections of upmarket Mayfield

Meanwhile, **Musicman's** methodically mastered mash meal was on the gas was getting warmed up for some serious masticating!! But first - to the circle!!

SAE 10W 40, that should do the trick!

All assembled on the final order of **Dolly's** that would be obeyed – after tonight he would be just another moonbeam! His final opus was a delicate Concerto of four movements, carefully crafted by the composer – a piece worthy of being premiered at The Opera House.

The first movement was a melodious Adagio with two 50 run awards as its interwoven theme. The **Fergie** and **Abdul** awards were received with a tumultuous, yet restrained acceptance by the appreciative FMH audience.

Fergie and Abdul awarded for 50 acts of lunacy!!

The second movement was a brisk Allegretto with Down Downs as its central theme. The Opera House joint management **Creaky** and **Musicman** were also joined by **Tombstone** in the short but lively movement.

A delightful rondo with New Shirt as the main theme was a hoot and won immediate acceptance from everyone – even from some of the older ex-GMs in attendance.

Phantom boasting that his is bigger than Dolly's!

However it was the final movement – a robust Andante - that brought TOH crowd down!! Its only theme was the announcement of GM for the 05/06 season!AND THE GM is.....

ANIMAL!!!!!!!!!!!!

The crowd went wild!!!!!! A fine conclusion to an exuberant work composed and conducted by a skilful **Dolly**.

The assembled FMH crowd overcum with emotion.

It was then Hash Up for a sumptuous penne bolognaise followed by ice cream and fruit salad AND of course, some more “drink” to conclude another momentous night at The Opera House. Unfortunately severe cloud-cover prevented a proper reflection and it was left to **Barry Bigarse** who gave a watery reflection on the night's happenings!!

Pffftt! Bubble Bubble – ahhh that's better!
